AWARD OF EXCELLENCE

To give recognition to any member or members for work of outstanding merit in any field of surveying. The award also affords the opportunity to inform the public of the service provided by surveyors and to obtain favourable publicity for the work of members. The award was previously named as the Award of Merit.

The award may be made to a member or members who have submitted for consideration a project for which they have been responsible and which in the opinion of the Council, is worthy of the award.

It is a requirement of the Award that the physical development or status of projects submitted for the Award are sufficiently advanced to enable a proper assessment of the worthiness of the project.
