NZ Region – Australasian Hydrographic Society Webinar #1

This Webinar proudly sponsored By Trimble.

When:

- Monday 23 March 1pm NZ Time, 11am NSW/VIC time
- Duration: 1 hour.

Agenda:

- Opening remarks: Gary Chisholm & David Crossman (NZR Chairman)
- **Presentation 1: Solving Inverse Algebraic Problems for Multibeam System Integration and Data Validation**
Dr Nicole Bergersen, Acoustic Imaging Australia.
- **Presentation 2: QPS Qimera – Evolution of Data Processing**
Dr Doug Bergersen, Acoustic Imaging Australia
- Closing remarks: David Crossman.

It is noted that these presentations were also recently provided to the EAR Seminar 12th Feb in Sydney.

Speakers Background:

Nicole and Doug manage Acoustic Imaging Pty Ltd. www.acousticimaging.com.

Acoustic Imaging is an Australian-based company with over 20 years' experience in the offshore industry. They provide services, sales and support for all facets of offshore projects; combining practical knowledge with cutting-edge marine survey software. Their survey solutions include project planning, data acquisition, off-line processing, final imagery analysis, validation and presentation.

Acoustic Imaging is a reseller and certified training center for:

- QPS QINSy and Fledermaus,
- Applanix POS MV and POS Pac,
- Chesapeake Technology SonarWiz
- Innomar Sub Bottom Profilers

Accessing the Webinar:

Visuals: Visuals are available from the Webex Webinar Service facilitated by Trimble as follows:

- <https://trimble.webex.com/trimble/j.php?MTID=mc00898bc9245e893109bdfd3dc5c6cbe>
- Meeting Number: 574 095 271
- Meeting Password: 1234

Audio. The Webinar audio is available by phone as follows:

- **NZ Free Phone:** 0800453212
- **Australia Free Phone:** 1800152918
- Conference Code: 809210 (followed by #)

Notes:

- As the Webex system requires some downloads, please take time in advance of the Webinar to log in to the Webex link using the same PC you will utilize for the Webinar. This may take a few minutes to complete.
- The Webinar will not be live until the moderator starts it a few minutes before the planned time.
- It is only intended to utilise Webex for visuals, therefore do not select the Webex videoconference or audio service.
- Once you have phoned in to the audio service please mute your phone. If there is too much background noise the moderator will have to put everyone on mute.
- Trimble will not be providing IT support during the Webinar.
