

RULES FOR CADASTRAL SURVEY 2010

UPDATED CADASTRAL SURVEY QUALITY ASSURANCE (N Z System)

Updated checklists are currently being finalised, available 1 June (thanks to CKL Surveys) for this start-up QA system developed by CSQC, specifically for NZ surveyors. The start-up QA system (which covers only cadastral surveying) is based around the requirements of AS/NZS ISO 9001:2000. This is the International Standard for Quality Management Systems. It is a good stepping stone towards a full ISO 9001 system should you wish to upgrade to a full formal quality assurance system for your business

Approximately seventy copies of the NZ Cadastral System have been sold since it was released in April 2007. The current updates will provide the initial information to allow you and your staff to update your QA system to cover the changed requirements of the new Rules for Cadastral Survey 2010. As always, they are a starting point only, and should be adapted to the specific procedures applicable in your office.

Cost to buy just the updated cadastral checklists (available only to existing purchasers of the NZ Cadastral System or full ISO System) is \$120.00 (No GST applicable as supply is from an overseas source).

Costs to buy the NZ Cadastral QA System and the full ISO 9001:2000 system:

	Cadastral System	Full ISO 9001 System	Upgrade
Price: Non-CSNZ member	NZ\$1100	\$2500	\$1700
Member firm with 10 or more staff	NZ\$ 900	\$2100	\$1400
Member firm with less than 10 staff	NZ\$ 650	\$1800	\$1500
