

Licensed Cadastral Surveyor

Cheal is a multi-disciplinary consultancy offering **Engineering, Surveying and Planning** expertise to a national client base. We have 6 branch offices throughout the central North Island and our company is growing from strength to strength.

We currently have a vacancy in our **Hamilton office** for a Licensed Cadastral Surveyor.

Our ultimate goal is for this person to grow and manage our Hamilton regional operation. This is a key opportunity for a long term association and potential for shareholding with a top level consultancy.

If you can display the following skills, we would love to hear from you:

- Current Annual Practising Certificate
- Advanced skills in 12D and/or AutoCAD
- Knowledge of and interaction with the RMA and Engineering fields
- Excellent written communication skills
- Exceptional client management skills
- A drive to grow and develop people and business

With Land Development experiencing significant and more importantly, sustained growth throughout the Waikato, Cheal provides the perfect opportunity for those of you who seek a high quality lifestyle while progressing and growing your career.

The Cheal culture is one of teamwork and exceptional communication with a commitment to quality. Suitable applicants will be able to demonstrate how they fit this description.

Applicants must be **New Zealand or equivalent qualified** and experienced and must have the right to work in New Zealand. Full, clean driving licence and skills in MS Office essential.

Cheal is committed to Health and Safety and equal opportunities in the workplace. For a full Job Description please email us.

Applications to be made in writing to:
