---

## **Survey Company For Sale - \$70,000 ono\***

Arrow Surveys Limited is a thriving sole - practitioner survey practice in Te Kuiti.

The company serves an area from National Park and Mokau in the south to Kawhia in the west, Te Awamutu in the north and Whakamaru in the east. The work includes site surveys and boundary redefinitions to support construction projects, urban and rural boundary adjustments and subdivisions.

Goodwill in the company is excellent with several loyal clients who provide repeat work as well as the usual one-off clients.

The business has been running at a profit with minimal input or advertising. Workload has been steadily increasing over the last six months and as such we expect that it has the potential to increase its profitability.

This company would be a great opportunity for:

- a recently licensed cadastral surveyor looking to purchase their own company at a reasonable cost,
- someone looking for a change from the city to a more rural lifestyle handy to outdoor activities of tramping, skiing, mountain biking or hunting,
- an existing company looking to expand their operations.
