

Team Leader Survey – Hamilton or Auckland

We believe the greatest infrastructure starts with people and now, that's where you in.....

Opus International are team of global experts who aspire every day to transform infrastructure to create better, sustainable communities. We believe the greatest infrastructure starts with people and through our collaborative approach we're creating innovative solutions for future generations.

We have an exciting opportunity for a Team Leader Survey to join our growing team. The role can be based in either Auckland or Hamilton and will provide you incredible growth via the opportunity to work on a diverse range of projects using the latest technology. In this role, you will be responsible for growing and developing the survey capability within Opus' Design Centre North including leading the implementation and embedding of new technology to maximise the value added to Opus and our clients.

The opportunity:

- Work in a senior role as part of a supportive and passionate team with an excellent team culture
- Provide positive mentoring and leadership to members of our team
- Actively pursue new business opportunities and seek out new technology and software advances

You will have:

- Tertiary qualification in surveying (BSURV), and be a Licensed Cadastral Surveyor.
- Relevant experience, including good knowledge of; the New Zealand Cadastre, 3D Scanning, BIM and with UAV experience highly desirable.
- A current clean Full NZ Driver license.
- Exceptional written and verbal communication skills, as well as strong interpersonal and leadership skills.

And how about you? You'll be agile, invested in your career have the technical expertise and the commercial acuity to contribute to our business. To be successful, you must be a self-starter and able to show initiative. You will have the opportunity to work autonomously so your confidence, organisational skills and ability to multitask will be fully utilised. Given the consultancy nature of our business, you will also need to demonstrate excellent verbal and written skills.

In return, we'll offer you a career-defining role, interesting and meaningful projects working with world leading experts. At Opus, we foster a culture of collaboration, innovation and success. If you are looking for a change and a challenge, we have a place for you!
