

Land Surveyor Required

Our client is a medium sized multidisciplinary consultancy in Auckland and Christchurch. They employ Land Surveyors, Planners, Civil and Structural Engineers, and Project Managers to work on interesting large-scale land and building developments.

With plenty of work on the go and more coming in across a variety of projects, they are keen to add another Land Surveyor to their team.

The Job

As a Cadastral Land Surveyor within this company you will largely be involved in carrying out Cadastral Surveys including both fieldwork and office work. You will be working in conjunction with other specialists in their field on a range of projects.

The Person

We are after experienced technicians, Licensed Cadastral surveyors, and those working towards becoming licensed.

Our new land surveyors will have:

- A broad range of Surveying skills
- At least 5 years New Zealand Cadastral experience
- E-Survey searching and dataset experience
- Experience working in Subdivisions, Engineering and Construction Surveying
- Ability to work closely with Developers, Engineers, Architects, Planners, Contractors, Councils etc.
- Ability to work under pressure with strong attention to detail and high-quality work output
- Can demonstrate "Good Survey Practice"
- Current experience using with a range of field equipment e.g. Robotic Total Stations, GNSS, Levels
- CAD capable and experienced in 12D
- Ability to communicate well and build and maintain strong client relationships
- Capability managing projects
- Ability to work well both individually and in a team
- Positive attitude and hungry to learn and grow

What's in it for you?

- Join a company with a strong name within land, building, and infrastructure development
- Work with other experienced and knowledgeable professionals
- Large, diverse, and interesting projects
- Decent salary commensurate with your knowledge and experience
- Professional development and mentoring actively encouraged
- Near new Nissan Pathfinder Field Vehicle for work and commute

The company offers a professional yet friendly office environment, utilising the latest technology, and offers a supportive environment of professional consultants that together collaboratively produce high quality land and building developments.

Applicants for this position should have NZ residency or a valid NZ work Visa.
