

Graduate Surveyor/Technician

About the Company

Eliot Sinclair is a multi-disciplinary consultancy based at Tower Junction in Christchurch. Locally owned and operated since 1932, the company has an excellent reputation for its technical expertise.

About the Role

Join our survey division as a Graduate or Technician Surveyor and be involved with a wide variety of interesting 3D laser scanning, setting out, topographical, UAV and cadastral surveys to support land development and post-earthquake recovery projects throughout the Canterbury and Kaikoura regions.

Skills and Experience

- Ideally a tertiary qualification in surveying;
- Experience with 12d software;
- At least one year of relevant New Zealand experience;
- Ability to work in a team and to handle responsibility;
- Good communication skills.

Licensing

As a measure of the quality mentoring survey graduates receive at Eliot Sinclair, several of our graduates have received awards for the standard of their projects and expertise.

Culture

We encourage innovation, support our staff with cutting edge technology and offer excellent on-the-job training and mentoring. We are a team of around 90 staff who come from a range of different cultures and enjoy a dynamic, family-friendly work environment with many social activities throughout the year.

We strive for success, take pride in our achievements and are passionate about what we do and the industry we work in. We operate a flexible work practice with a flat, collegial structure with direct access to all levels in our organisation.
