

Cadastral Surveyors

Build your future with WSP Opus

WSP Opus is a team of experts who aspire every day to transform infrastructure to create better, sustainable communities. We believe the greatest infrastructure starts with people and through our collaborative approach we're creating innovative solutions for future generations.

We have a number of opportunities in our office locations across New Zealand for talented Licensed Cadastral Surveyors. WSP Opus provide survey services for infrastructure, construction, topographic and cadastral projects across the country. We have a strong survey community which has a positive, rewarding and challenging culture. We deliver high quality data using the latest technology to support and maximise the value added to our clients. We have a number of opportunities in our office locations across New Zealand for Licensed Cadastral Surveyors.

And how about you? You'll be agile, invested in your career and have the technical expertise and the commercial acuity to contribute to our business. In return, we'll offer you a career-defining role, interesting and meaningful projects and the opportunity to work with world leading experts. At WSP Opus we foster a culture of collaboration, innovation and success.

If you would like to have a confidential conversation about opportunities at WSP Opus, please contact Sue Breeze - Senior Talent Acquisition Consultant by email at sue.breeze@wsp-opus.co.nz or phone 027 605 6412.
