

Survey Graduate / Technician – Christchurch

We have an exciting opportunity for an individual who is keen to join a progressive team delivering survey and engineering services from our Christchurch office. We are looking for Survey Graduate who has completed their university degree, or a Technician Surveyor with a recognised qualification or training towards a qualification.

The Christchurch office undertakes a variety of land development, Crown Land disposal and general survey work across the South Island. The role will provide you with an assortment of survey work, particularly field work, processing, plan preparation, and reporting for both surveying and engineering projects.

Ideally you will have:

- Ability to use various surveying equipment
- Capability producing plans and associated documentation
- Experience with AutoCAD Civil 3D and 12D software
- Availability to on occasions work away
- Excellent communication and team working skills
- Excellent organisational skills and attention to detail
- Initiative and a willingness to learn

What we offer:

- A flexible working environment
- Opportunity to work on a diverse range of projects
- A variety of work that will provide experience required for the NZIS/CSLB Licencing requirements.
- Competitive salary

This is a full time permanent position
