

SURVEYOR

We have a position for a surveyor to work in our Taupo engineering survey company.

Our company's core business is engineering surveying with an emphasis on deformation monitoring surveys on hydro, thermal, wind and geothermal energy sites.

This position would suit an enthusiastic, energetic and self-motivated person who enjoys working in a team environment in a range of interesting and challenging NZ locations. We use a wide range of conventional equipment and latest technologies. The position requires excellent communication, organisational and computing skills.

Taupo is a fabulous lakeside town with a full range of amenities and is a wonderful place to live.

If you are interested in this position, please contact **Steve Currie** for further information at:
