

We're currently on the hunt for a Licensed Cadastral Surveyor, a graduate working towards Licensing or a suitably qualified technician to join our young dynamic team.

The Surveying Company is an established fast growing, busy land surveying practice. Upper Hutt based - we offer varied work across the Greater Wellington Region, in a supportive team environment and opportunities to advance your career with long term prospects for the right person.

As our ideal candidate, you'll:

- Have experience in the New Zealand Cadastral System
- Motivated and up for a challenge
- Exceptional communication and problem solving skills
- High professional standards
- Excellent computer literacy and an eye for detail
- Hold a current clean NZ drivers licence and be eligible to work in NZ.
- Contribute to continuous improvement of the business

In this role, you'll:

- Be proficient in all aspects of field surveying
- Have experience in 12D and Autocad
- Understand and be able to undertake the complete subdivision process from resource consents through to lodgement at LINZ
- Undertake Project management and client liaison
- Be working with Council and other professionals

What we have to offer:

- This is an exciting position that will offer you the opportunity to work in a fast-moving and vibrant environment
- You will work with a bunch of passionate, positive people who are all dedicated to being the best they can in our industry
- We have a fun working environment, appreciate the importance of family and work life balance and like to look after our staff

The Surveying Company is going from strength to strength and we need you to come on board and hit the ground running as we continue to grow our business.

If you would like to further explore working in our great team and to discuss the opportunities with The Surveying Company, then drop us a line projects@subdivision.net.nz
