Key Note Speaker:

Dr. Jeffrey Wakefield – From Cardno, U.S.A

Cardno was the main consultancy assisting with the clean-up of Gulf of Mexico Oil Spill disaster in 2010 which was considered the largest accidental marine oil spill in the history of the petroleum industry. Of Cardno's over 800 full time environmental professionals that worked on the oil spill Dr Jeffrey Wakefield was a lead consultant who assessed impacts on wildlife and nearshore ecological resources and will be joining us to share his experiences and key learnings from this major environmental event.
