

SCHOOL OF SURVEYING

Graduate Recruitment: Advertising and

Interviewing 2024

The School of Surveying wishes to advertise that the student recruitment period in 2024 will be:

Job Advertising/Marketing Period:

29 July to 9 August 2024

From the 29th of July, the School will post job advertisements on the student noticeboard and email to all final year students. Employers can also use the School facilities for company presentations during this fortnight.

An A4 advertising poster should be attached (as a .pdf file) and emailed to surveying@otago.ac.nz for this purpose. Please include a job description and contact details – note the students will apply directly to the company.

We can support any employer that wishes to do a company presentation by providing space within the School, but outside of teaching times (typically at lunchtime and later in the afternoons of most days). Any company interested in doing a presentation should contact us for a time slot. We will try our best to accommodate all requests but, due to high demand, we cannot guarantee that there will be enough spaces for everyone. Remote presentation assistance can also be provided if requested. The School can assist with arranging catering if desired but alcohol cannot be served within the School premises. Companies are free to make their own arrangements for social events outside of the school however we ask that we be advised to assist in avoiding any duplication.

After this fortnight there is a week break where it is intended that students consider job opportunities and submit their applications.

Interviewing Period:

19 August to 30 August 2024

During this interview period the School will provide office space on request, and subject to availability, for face-to-face interviews. Once a date and time has been confirmed it is up to Employers to advise their applicants directly of their interview time.

Please note that the School encourages students to consider all job advertisements and to go through the full advertising and interview process. In conjunction with CSNZ, we respectfully request all employers to adhere to this expectation.

For further information please email surveying@otago.ac.nz
