## Conference registrations opening soon!

By the time we get together for this year's Conference in Auckland it will have been over two years since our last conference - so I have no doubt that a lot of our members will be looking forward to this year's event even more than normal.

In recognition of this, it's going to be a particularly good one. We'll be offering an outstanding speakers program, a great social and networking program, and an upmarket Awards program celebrating the achievement of our members across a range of activities.

With all this in mind, I'm delighted that registrations will be opening very shortly with a super early-bird rate. Watch out for the email coming soon giving you the opportunity to take advantage of the special that we are offering.

Super early-bird registration is your opportunity to secure your place at the Conference and save up to \$300 off the standard registration price of

\$1350+gst.

You can also register with confidence as the registration fee will be 100% refundable in the event of COVID 19 upsetting our plans in August - so this is a great opportunity to book for this great event, stress free.

See you there!
