[UPDATE DETAILS](#)

A WORD FROM **THE CEO**

Welcome back

I hope everyone had a good holiday break and have come back to work feeling refreshed. I'm feeling hopeful that we are entering a new COVID-19 phase this year, and there may be some semblance of normal life starting as most of us get our booster shots.

Our year is going to be big one with the implementation of the Certification Framework which many members have been patiently waiting for. This is currently in the testing and pilot phase.

On February 10th we will be announcing and presenting the 2021 NZ Spatial Excellence Awards at a function in Wellington. This will be a pared back celebration due to the current red level we are experiencing, but it will be an important celebration nonetheless. It's critical that we continue to acknowledge and reward the innovative and excellent work carried out amongst the spatial sector. I'm confident that the 2021 awards will provide a good base and allow us to continue successfully with these awards.

Another important and exciting project underway is the Emerging Leader's Programme. It's important that we mentor our young professionals who will be future leaders and give them the opportunity to get involved in the various governance processes. I'm looking forward to their contributions in the coming year.

Ashley Church, CE

TURNING UP THE HEAT

SURVEY AND SPATIAL NEW ZEALAND
ROTORUA
1 - 3 AUGUST 2022

CALL FOR ABSTRACTS

Turning Up The Heat Conference, 1-3 August 2022

Presenters are invited to submit presentation proposals for the conference being held in Rotorua. The theme ***‘Turning Up The Heat’*** is timely with the choice of Rotorua as a conference location. We will aim to discuss challenges in regional areas, which include climate change and developments outside of Auckland. We welcome presentations related to the broad theme and we are looking forward to your participation.

Please submit the following information to the event manager, *Jenny Houdalakis* jenny@surveyspatialnz.org by **close of business 9 March 2022**.

- **Title of Presentation** - include a short descriptive title.
- **Summary of Presentation** - (around 300 words) used to invite the audience to the presentation. Consider explaining what will be learned from attending your presentation and why delegates should attend.

The conference website is being updated as details come to hand www.surveyspatialconference.org

NEW EMERGING LEADER'S PROGRAMME

The Emerging Leader's Programme is about the professional development of our young members as they become our industry leaders in the years ahead. For this reason it is one of the priorities of S+SNZ. We

will shortly be announcing the successful applicants and their placements. The names of the each Stream and Division representatives will be available on the website shortly.
